imageRUNNER 1643 Series

Black-and-White | Compact | User-Friendly

- Print up to 45 ppm (BW)
- Scan in color and black and white
- Print up to 8-1/2" x 14"
- 2,300-sheet maximum paper capacity

Small businesses and corporate workgroups depend on solutions that help maximize resources, boost productivity, and are easy to manage. The cost-efficient imageRUNNER 1643 Series can do all that, and more. With fast output, scanning, faxing,[1] and high reliability, the imageRUNNER 1643iF/1643i multifunction devices help you accomplish a lot in a small space. The imageRUNNER 1643P printer model offers fast and reliable printing.

WORKFLOW EFFICIENCY

Whether you're a small business or part of a workgroup, the imageRUNNER 1643iF/1643i models can help boost operational efficiency. Scan and email documents or conveniently scan to/print from a USB memory stick. The ID Card Copy feature easily copies two-sided cards onto the same page. Extend your document management capabilities when you scan using the standard PDF (OCR) format. Mobile workers can print from compatible mobile devices. Application Library provides users with a unique, customized device experience.

SECURITY

Safeguard information with the imageRUNNER 1643iF/1643i models' security features. Canon's uniFLOW solution lets users securely retrieve documents from a networked device after authentication. Standard security features include the ability to send encrypted PDFs and add a digital device signature to PDF files. These models also include technology to verify that the device, firmware, and applications initialize without tampering. TX Archiving automatically forwards a copy of a fax to an administrator-defined destination.[1] And with no hard disks in these models, confidential information is not stored locally on the device.

QUALITY AND RELIABILITY

With a first-copy-out time as fast as 6.3 seconds and output up to 45 ppm, the imageRUNNER 1643 Series is a quick performer. Scan documents in black and white and color to email addresses or networked locations. The 5" intuitive, color touchscreen display[2] has smartphone-like usability. The standard 650-sheet capacity can be increased to 2,300 sheets to handle many jobs without interruption.

FLEET MANAGEMENT

An ideal replacement for single-function printers or older models, the imageRUNNER 1643 Series can easily integrate into your network of Canon devices to help streamline and simplify management and maintenance. Even receive alerts when supplies or service calls are needed with imageWARE Enterprise Management Console and plug-ins.

EFFICIENT PERFORMANCE

Designed with your bottom line in mind, the Canon imageRUNNER 1643 Series helps minimize costs and maximize reliability while the robust design helps ensure dependable operation. Canon's uniFLOW® software can help control costs by managing, tracking, and charging back usage. And simple-to-replace, high-yield consumables help keep work moving while achieving a low cost per page.

SUSTAINABILITY

The imageRUNNER 1643 Series is ENERGY STAR® certified and has a low TEC (Total Energy Consumption) rating. Rated EPEAT® Gold,[3] these models follow Canon's stringent Green Procurement policy and environmental commitments.
